FOR IMMEDIATE RELEASE

West U Recycling and Solid Waste Reduction Board to Offer Master Recycler Course

WEST UNIVERSITY PLACE, TX – The Recycling and Solid Waste Reduction Board of West University Place is promoting a series of classes for area residents to fine-tune their recycling and waste reduction skills.

The Master Recycler Course will be held on Thursday evenings from 6 p.m. to 8 p.m., beginning on January 16 and ending on March 6. Classes will be held at the West University Place Recreation Center, 4210 Bellaire Blvd. Registration for the eight-week program is open now at the cost of \$35 and includes a Master Recycler t-shirt.

In addition to the Master Recycler Course, there are three 2-hour learning opportunities available at no cost. A Curbside Recycling Course will be held on Thursday, January 23, Recycling Beyond Curbside on Thursday, January 30, and Composting Food Waste on Thursday, February 13.

Based on similar successful Master Recycler programs that have taken place in several states, the course covers a wide range of topics from the origins of landfills, household trash, zero waste, area curbside recycling, recycling beyond curbside, composting food waste, waste reduction, sustainability, the circular economy, and recycling away from home.

These courses will not only provide you with a multitude of resources when recycling in the Houston area, but will prepare you to engage with others, answer questions, initiate recycling efforts, and inspire others to reduce, reuse, and recycle.

For more information and to register please visit, www.westutx.gov/publicworks.
