BUILDING PERMIT

## BUILDING-PERMIT APPLICATION TREE DISPOSITION CHAPTER 82 SECTION 82-3

### NOTES

- Complete copy of Chapter 82 is available in the Permit Office.
- Separate Permit is required for Tree Disposition.

### (a) General Requirement

Every permit for development or predevelopment activity must contain tree disposition conditions meeting the requirements of this section.

### (b) Essential and Mandatory Conditions

Tree disposition conditions are the most important means of protecting the urban forest of the city from unreasonable harm during development and predevelopment activity. Tree disposition conditions shall:

#### 1. Prohibit removal of or damage to any large tree, except:

- a. Removal of a tree which is diseased, severely damaged or dead may be authorized;
- b. Damage to or removal of a tree which causes an unreasonable impediment to the use and enjoyment of the applicant's property may be authorized; and
- c. Damage to or removal of a low-value tree may be authorized.

#### 2. Require replacement trees, to the extent provided in the criteria manual, for any large trees authorized to be damaged or removed.

EXCEPTION: No replacement is required for low-value trees.

#### 3. Require Protection for Large Trees and Critical Root Zones

The conditions may specify the methods of protection to be used.

#### 4. Require that any Authorized Damage to Trees be Minimized and Mitigated.

The conditions may specify methods of mitigation to be used.

#### 5. Require, if there is major development,

that the affected subject site attain a minimum planting standard of tree density as set forth in the criteria manual.

### (c) Procedure

The **building official shall not issue any permit** for any development or predevelopment activity unless all of the following have first occurred:

#### 1. Tree Survey

The applicant must have filed a tree survey, and the urban forester must have approved it for compliance with this chapter.

#### 2. Tree Disposition Conditions

**Tree disposition conditions approved by the urban forester must have been inserted into the permit.**

The urban forester may require all persons owning land where a tree is located to agree to any removal of or damage to the tree authorized by the conditions.

### (d) "Low-Impact" Exception

**Except for the requirement to insert the mandatory conditions,** this section does not apply to a subject site, project or other activity that will not have any significant, adverse effect upon any large tree, as determined by the urban forester.

**Notice Concerning Deed Restrictions:** The property on which your are building may be subject to deed restrictions. It is your responsibility to determine the existence of and comply with any valid and existing deed restrictions. Permit approval by the City does not act as a waiver or permission to violate a deed restriction.

### ACKNOWLEDGMENT

I hereby certify I have read and examined this document and know the same to be true and correct. All provisions of law and ordinances governing this type of work will be complied with whether specified herein or not. I further understand that plans submitted for approval will be subjected to a comprehensive check against municipal ordinance and building code. Any set of plans that must be returned for modifications or corrections in order to come into compliance with ordinance or code will be subject to rechecking in order of submittal. Under no circumstances will paid fees be refunded or transferred.

**Applications and plans will be held for 180 days. After 180 days this application and plans will be disposed of unless a valid building permit is issued.**

SEPARATE PERMIT REQUIRED: Fence, Pool/Spa, Flatwork, Irrigation, Drainage (below grade), pavers, MEP's.
