Property Information
HCAD ID No.
LOT #, BLK #, Tract
Address

The City of West University Place has contracted with Cobb, Fendley and Associates, Inc. to perform the preliminary engineering of drainage improvements along the shared drainage easement between West U and Southside Place. The scope of this work includes an evaluation of the existing storm sewer system located in an easement on your property. The evaluation will assess the feasibility for the rehabilitation, reconstruction or rerouting of this storm sewer. Please refer to the attached location map Exhibit A.

By signing below, permission is hereby granted to the staff and agents of Cobb, Fendley & Associates, Inc., to enter upon lands owned by the "Owner" with the necessary personnel for the limited purpose of performing field survey work. Survey data includes, driveways, fences, storm sewer manholes, trees, landscaping areas, pools and miscellaneous structures within or in close proximity to the easement. The survey crews will have CobbFendley identification on their vehicles and persons at all times. The surveying services are anticipated to begin in _____ and be completed by _____.
